

## CITATION CJ3

This light jet offers an efficient and dependable aircraft option, while providing comfort and luxury. Its long cabin provides plenty of leg room and first class aesthetics. Luxury finishes will provide you with a relaxing environment during your flight. The quiet cabin will allow you to ride in peace, while having access to top of the line in flight technology. One of only two light jets based in and equipped for night and all weather ops into and out of Aspen, this aircraft is perfect for short runway utilization, opening up more airport options, ultimately getting you closer to your desired destination.

Operated by two long-time Aspen pilots with more than 50 years of Colorado mountain flying experience combined.
