

KING AIR 200

This turboprop is the perfect plane for short trips or for getting up to the mountains from the Denver Metro area. It can easily accommodate eight passengers and has ample baggage space as well as luxury seating and amenities.

This aircraft has the option to be flown by one or two pilots, and in good weather, it can be operated into or out of Aspen, Rifle and Eagle after dark due to its excellent short field performance.

One of the most popular business turboprops in the world. This airplane has the ability to get you where you need to go, when you need to get there, no matter how short the flight time.
